

Identify The End-User's Unmet Needs

Mr. Roy Nouhra
ASIS Boats LLC

United Arab Emirates

**What is the Draft of Your Boat?
How quickly can you deploy?**

What if I told you minus - 50cm!

What if I said single-handed in under one minute!

am·phib·i·ous

Adjective: *amphibious*

1. relating to, living in, or suited for both land and water.

Shallow water draft taken to the extreme!

- Shallow water accessibility
- Areas of high tidal range
- Previously inaccessible areas of operation

Performance

- No performance compromise of existing vessel design elements
- No impact on boat speed
- No impact on boat maneuverability

Mobility

Road trailer self-loading and off-loading. No slipway/boat-ramp is needed for trailer recovery.

Single handed launch and recovery.

No need for a crane or travel lift

Drive indoors for storage

Mobility, cont.

- Ease of trailering and de-trailering amphibious craft
- Used in lieu of standard beaching operations

[Click Here For Video](#)

Mobility, cont.

- Boat can be driven into shipping container or aircraft and cradle can be slid underneath if desired.
- Rotary wing airlift drop to any terrain.

Mobility, cont.

- Enhanced well-deck operations.
- Reduced operational complexity.
- Increased on-deck storage capacity.

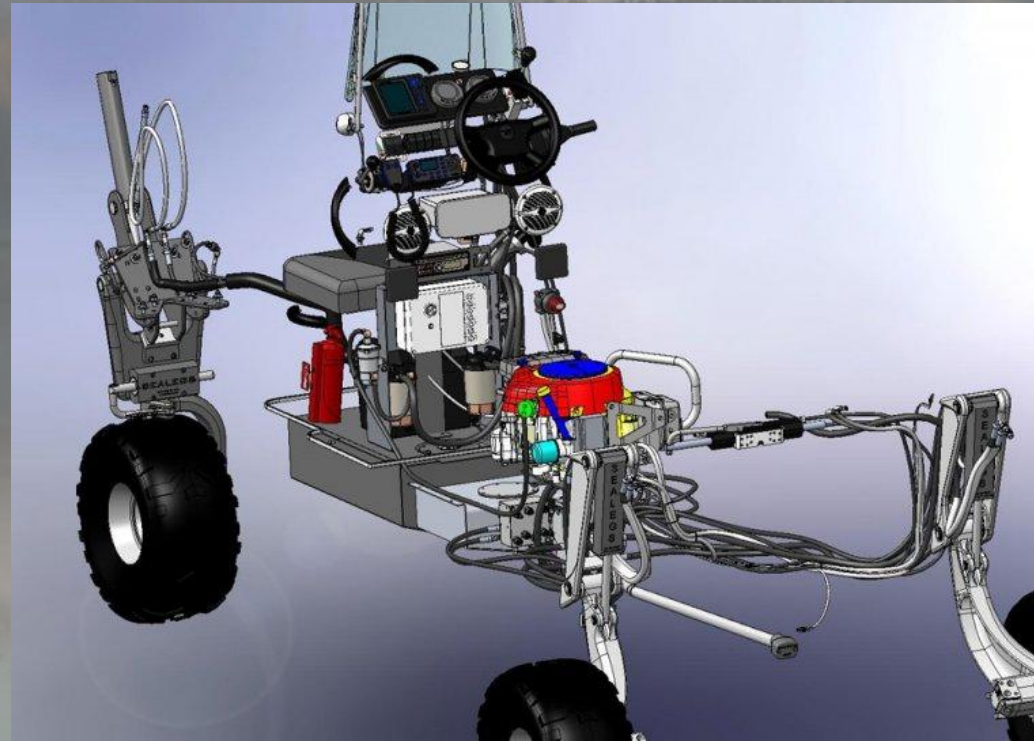

Mobility, cont.

- Indoor/Dry Boat Show Set-up with ultimate ease

Technology

- Proven, Robust, Reliable
- Ease of Operation
- Little or no Maintenance

Rescue/Flood Response

Unique Rescue Capability and Flood Response.

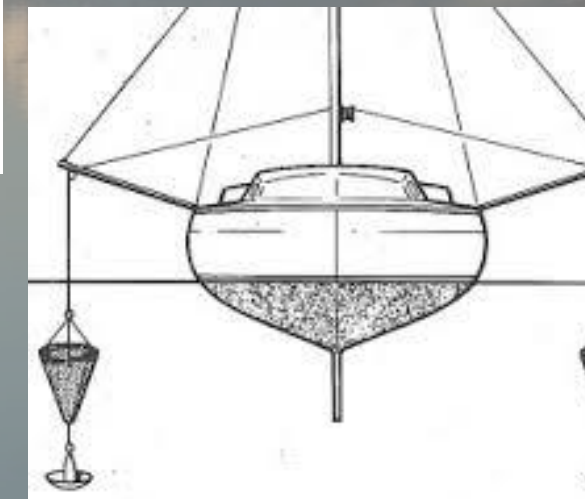

Fast Deployment Response

Traverse Obstacles, Variable Depths and Debris

Beam Sea Stabilization

- When in a static posture, Wheels can be lowered to provide a stabilizing effect reducing beam roll and seasickness

Military Applications

- Amphibious landings
- Access to areas of High Tidal Influence

Extra Prominent Bow Fendering

- Extra Fendering for Bow Area for PAX and equipment transfer with adjustable height.

Military Applications, Cont.

- Covert launch and retrieval anywhere
- Vessel cashing/hiding for team exfiltration

Vessels up to 10 Meters LOA

- **Inboard Jet & Stern Drive**
