Length o.a. (m) 0 2 4 6 8 10 12 Speed max. (kts) Crew

## WHAT DO WE OFFER:

DAMEN RHIB RANGE: 9.75-12 m

## HIGHLIGHTED TYPES:

10.50M INBOARD RHIB (CURRENTLY AVAILABLE FOR SEATRIALS!!!)

### Main particulars:

Trial speed: **50+** knots

Class on hull: **Lloyd's register!**

Loa: 10.50m

Beam: 3.35m

Draft: 0.85m

Fuel tanks: 2x350 ltr

Range: ± 200nm (10% reserve)

Crew: 10

Engines: **2x VOLVO PENTA D6 370HP**

## HIGHLIGHTED TYPES:

10.50M INBOARD RHIB

## HIGHLIGHTED TYPES:

10.50M OUTBOARD RHIB (CURRENTLY AVAILABLE FOR SEATRIALS!!!)

### Main particulars:

Trial speed: **55+** knots

Class on hull: **Lloyd's register!**

Loa: 10.50m

Beam: 3.35m

Draft: 0.85m

Fuel tanks: 2x350 ltr

Range: ± 150nm (10% reserve)

Max. crew: 10

Engines: **2x MERCURY VERADO 400HP**

## HIGHLIGHTED TYPES:

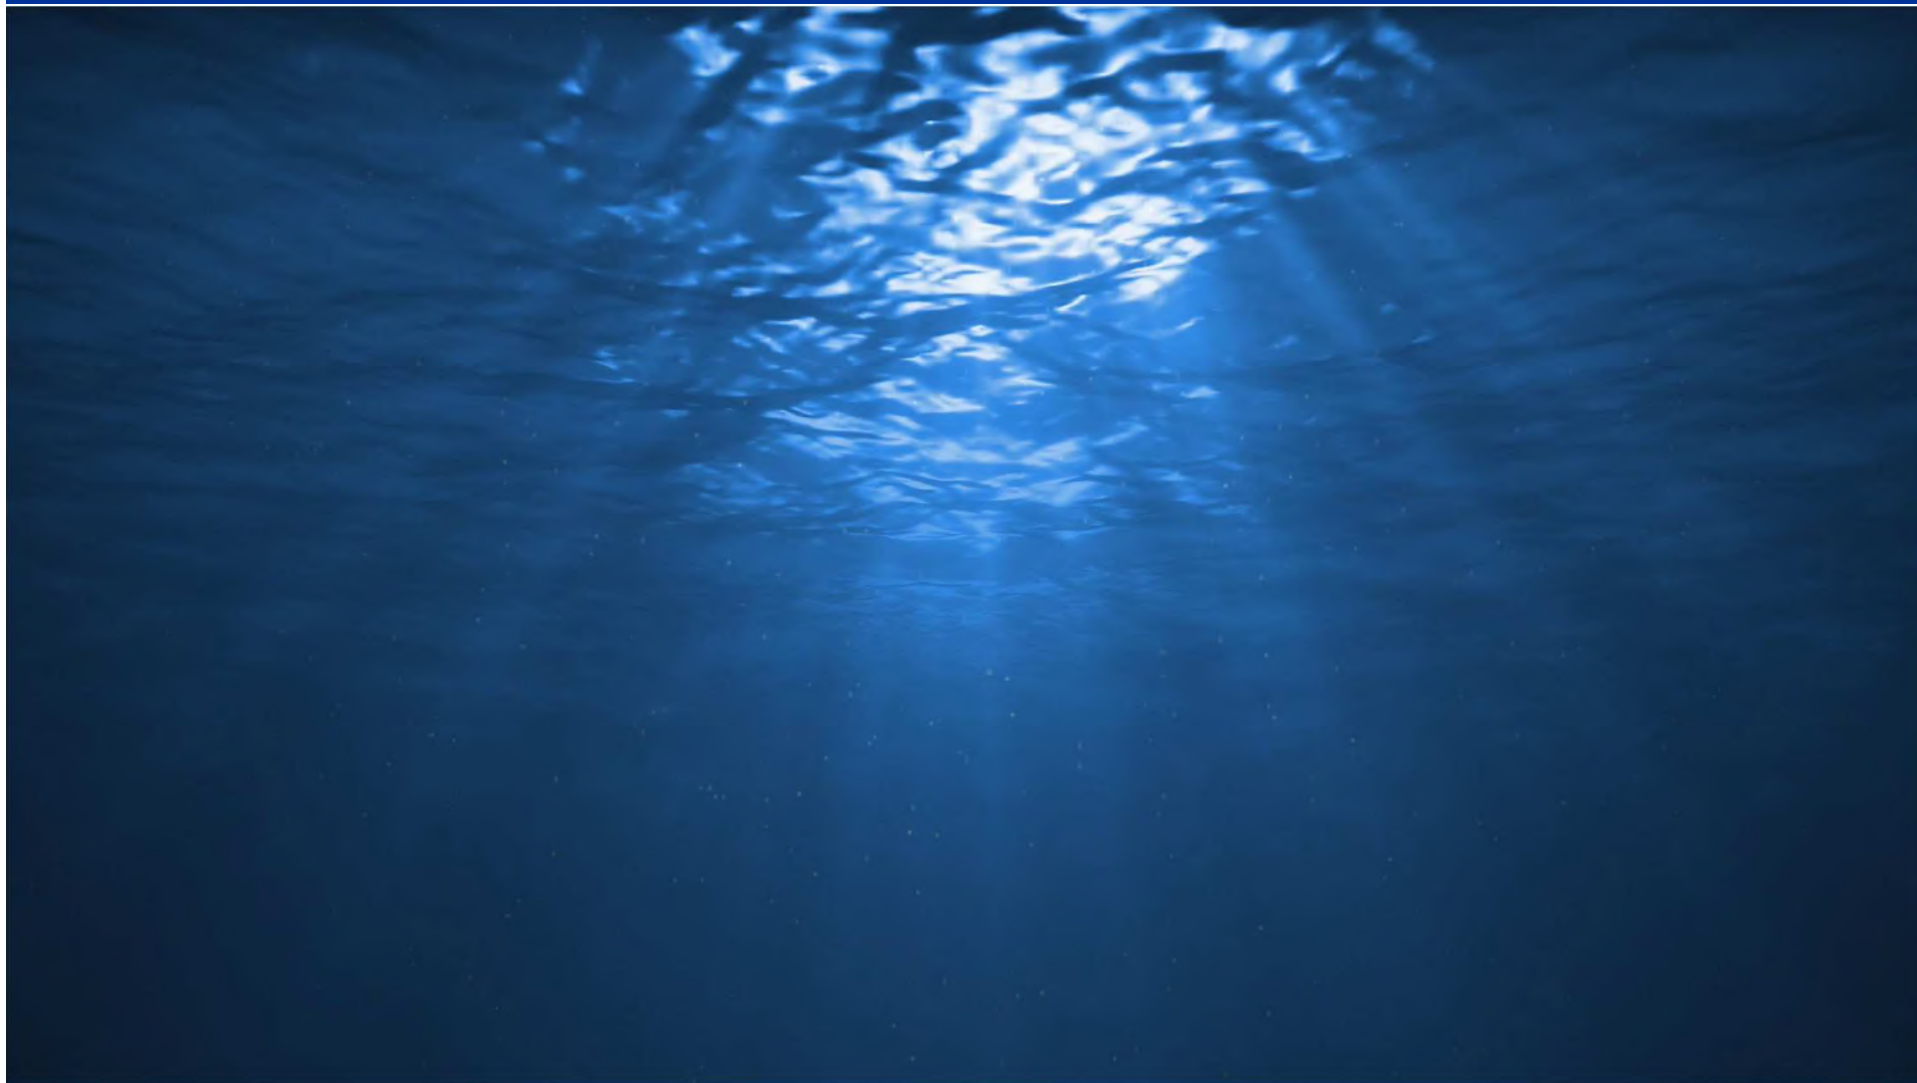

10.50M RHIB (CURRENTLY AVAILABLE FOR SEATRIALS!!!)

**HIGHLIGHTED TYPES:**

10.50M INBOARD RHIB

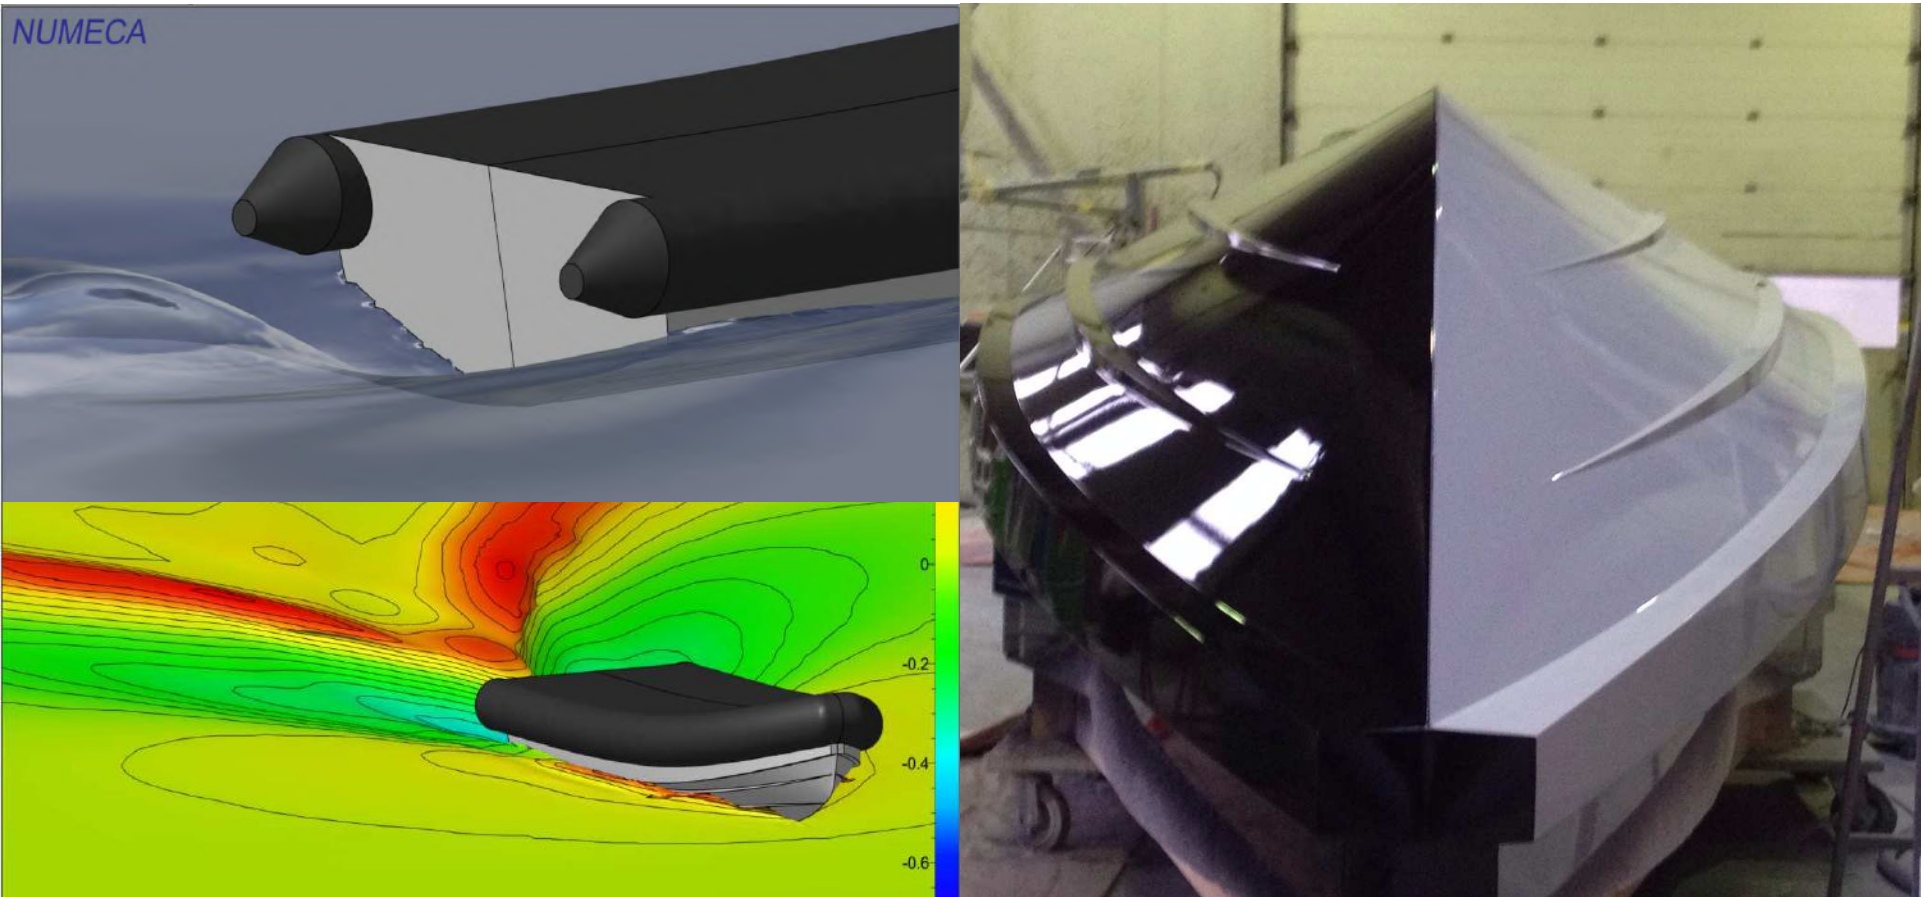

## HOW DO WE MAKE THE DIFFERENCE?

### EXTENSIVE RESEARCH (R&D)

#### In-house Research department:

- Computer Fluid Dynamic (CFD)
- Performance analyses

**Design team:** You need an experienced driver to create the right boat!

## HOW DO WE MAKE THE DIFFERENCE?

### PRACTICAL FEATURES

Ergonomic console, low vertical G forces on helm position

D-Shaped fender provides a passageway along side the console

Hoisting eyes and bollards combined together

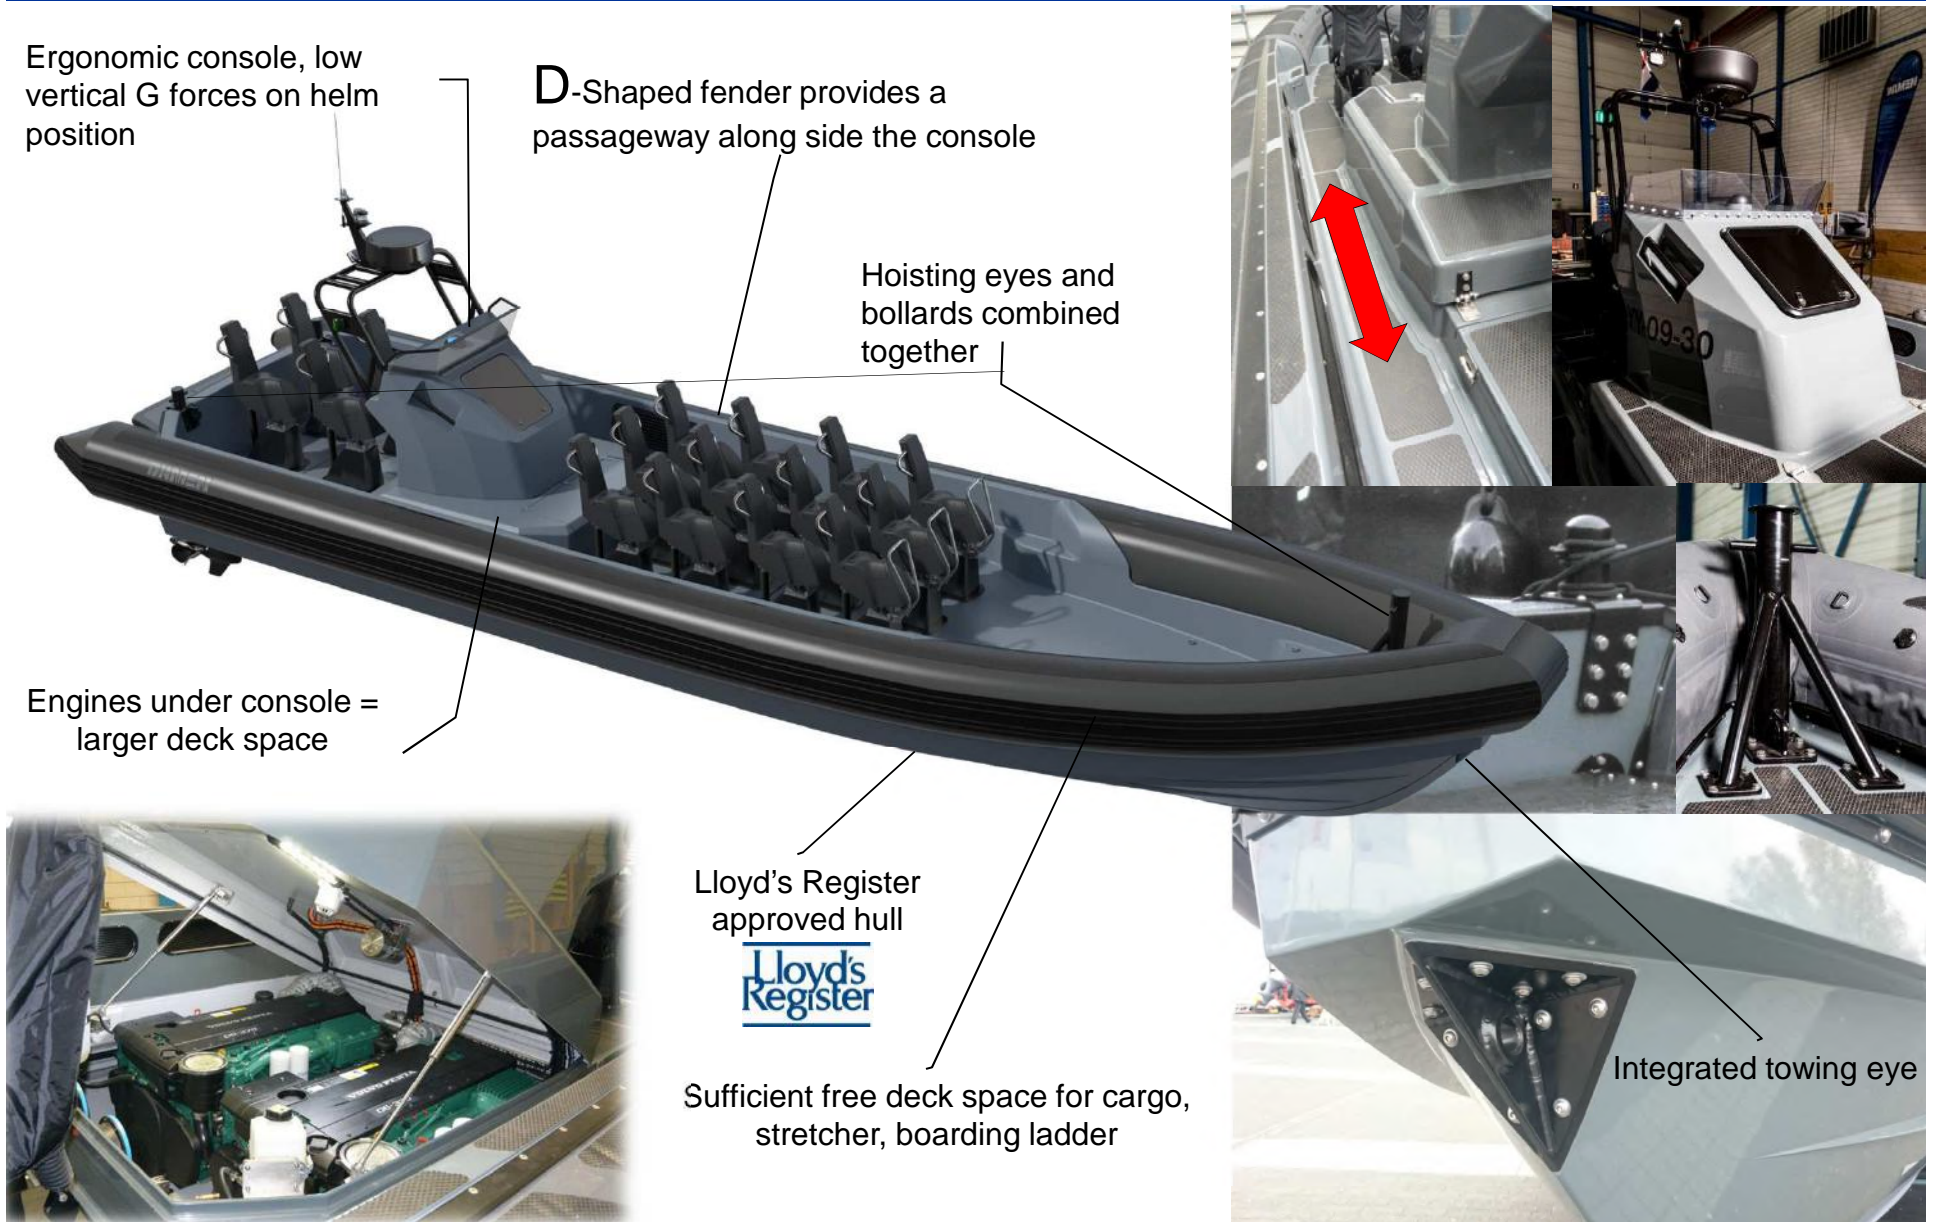

Engines under console = larger deck space

Lloyd's Register approved hull

Sufficient free deck space for cargo, stretcher, boarding ladder

Integrated towing eye
