Russia should strive toward a multipolar world managed by a concert of major powers that can counterbalance U.S. unilateral power.

Russia should insist on its primacy in the post-Soviet space and lead integration in that region.

Russia should oppose NATO expansion.

@Pete Hegseth if you think we should do it let's go.

I just hate bailing Europe out again.

Let's just make sure our messaging is tight here. And if there are things we can do upfront to minimize risk to Saudi oil facilities we should do it.

VP: I fully share your loathing of European free-loading. It's PATHETIC.

But Mike is correct, we are the only ones on the planet (on our side of the ledger) who can do this. Nobody else even close. Question is timing. I feel like now is as good a time as any, given POTUS directive to reopen shipping lanes. I think we should go; but POTUS still retains 24 hours of decision space.

Germany just gave its spy agency new powers to surveil the opposition. That's not democracy—it's tyranny in disguise.

What is truly extremist is not the popular AfD—which took second in the recent election—but rather the establishment's deadly open border immigration policies that the AfD opposes.

Germany should reverse course.

The AfD is now designated an extremist organization that threatens democracy. Strong words to use against a parliamentary party. Apparently, the CDU/CSU, SPD and other German party trivia consider those with higher ratings to be extremists.

The AfD is the most popular party in Germany, and by far the most representative of East Germany. Now the bureaucrats try to destroy it.

No matter what deal I make with respect to Russia/Ukraine, no matter how good it is, even if it's the greatest deal ever made, The Failing New York Times will speak BADLY of it. Liddle' Peter Baker, the very biased and untalented writer for The Times, followed his Editor's demands and wrote that Ukraine should get back territory, including, I suppose, Crimea, and other ridiculous requests, in order to stop the killing that is worse than anything since World War II. Why doesn't this lightweight reporter say that it was Obama who made it possible for Russia to steal Crimea from Ukraine without even a shot being fired. It was also Liddle' Peter who wrote an absolutely fawning, yet terribly written Biography, on Obama. It was a JOKE! Did Baker ever criticize the Obama Crimea Giveaway? NO, not once, only TRUMP, and I've had nothing to do with this stupid war, other than early on, when I gave Ukraine Javelins, and Obama gave them sheets. This is Sleepy Joe Biden's War, not mine. It was a loser from day one, and should have never happened, and wouldn't have happened if I were President at the time. I'm just trying to clean up the mess that was left to me by Obama and Biden, and what a mess it is. With all of that being said, there was no reason for Putin to be shooting missiles into civilian areas, cities and towns, over the last few days. It makes me think that maybe he doesn't want to stop the war, he's just tapping me along, and has to be dealt with differently, through "Banking" or "Secondary Sanctions?" Too many people are dying!!!

President Putin of Russia doesn't want to have a Cease Fire Agreement with Ukraine, but rather wants to meet on Thursday, in Turkey, to negotiate a possible end to the BLOODBATH. Ukraine should agree to this, IMMEDIATELY. At least they will be able to determine whether or not a deal is possible, and if it is not, European leaders, and the U.S., will know where everything stands, and can proceed accordingly! I'm starting to doubt that Ukraine will make a deal with Putin, who's too busy celebrating the Victory of World War II, which could not have been won (not even close!) without the United States of America. HAVE THE MEETING, NOW!!!

Donald J. Trump

@realDonaldTrump

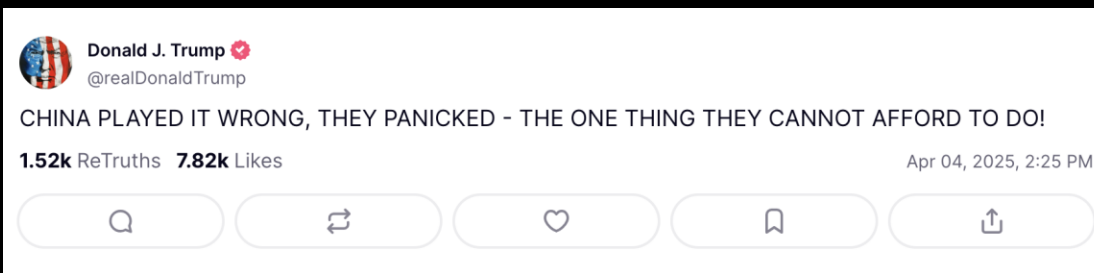

Just completed my two hour call with President Vladimir Putin of Russia. I believe it went very well. Russia and Ukraine will immediately start negotiations toward a Ceasefire and, more importantly, an END to the War. The conditions for that will be negotiated between the two parties, as it can only be, because they know details of a negotiation that nobody else would be aware of. The tone and spirit of the conversation were excellent. If it wasn't, I would say so now, rather than later. Russia wants to do largescale TRADE with the United States when this catastrophic "bloodbath" is over, and I agree. There is a tremendous opportunity for Russia to create massive amounts of jobs and wealth. Its potential is UNLIMITED. Likewise, Ukraine

potential is UNLIMITED. Likewise, Ukraine can be a great beneficiary on Trade, in the process of rebuilding its Country. Negotiations between Russia and Ukraine will begin immediately. I have so informed President Volodymyr Zelenskyy, of Ukraine, Ursula von der Leyen, President of the European Commission, President Emmanuel Macron, of France, Prime Minister Giorgia Meloni, of Italy, Chancellor Friedrich Merz, of Germany, and President Alexander Stubb, of Finland, during a call with me, immediately after the call with President Putin. The Vatican, as represented by the Pope, has stated that it would be very interested in hosting the negotiations. Let the process begin!
